RENEWED PETITION UNDER 37 CFR 1.137(b) AND 1.47

On December 21, 2004, Counsel filed a Petition for Revival of An Application for Patent Abandoned Unintentionally under 37 CFR 1.137(b). The Petition included a copy of the Notice to File Missing Parts of Nonprovisional Application and a Response to the Notice to File Missing Parts. In a Decision dated February 25, 2005, the Office dismissed the petition, raising a number of issues. The Decision went on to state that any request for reconsideration must be submitted within two months. This renewed petition is filed within the indicated time frame.

In the Decision, the Office stated that the petition should only address the deficiencies identified, except that the reply may include an oath or declaration executed by the non-signing inventors. A declaration from one of the inventors is enclosed as part of a Supplemental Response to Notice to File Missing Parts of Application, filed with this Renewed Petition.

As a result, the petition is renewed in accordance with the provisions of 37 CFR §1.47(a) as opposed to §1.47(b) according to the following facts:

1. The Patent Office issued A Notice to File Missing Parts of Nonprovisional Application—Filing Date Granted, on December 1, 2003. A copy of the Notice is attached as Exhibit A.

2. As of today's date, all of the necessary Power of Attorney documents have been executed by Michael Farmer, but not by Xunchang Chen.

3. At the time that the above-identified application was filed, Eaton Corporation employed Xunchang Chen. Sometime after the application was filed, Xunchang Chen ceased his employment with Eaton Corporation.

4. Upon information and belief, in-house counsel for Eaton Corporation attempted to obtain the signature of Xunchang Chen, but was unable to do so.

5. On December 7, 2004, the undersigned made a final attempt to secure Xunchang Chen's signature by sending a letter and additional copies of the Declaration and Power of Attorney and Assignment via Federal Express delivery as well as enclosing a prepaid Federal Express label and envelope for return of the documents to Xunchang Chen's last known address. A copy of the letter sent is attached as Exhibit B. No response has been received from Xunchang Chen. In the Decision dated February 25, 2005, the Office agreed that adequate proof had been provided that the non-signing inventor cannot be found or reached after diligent effort.

6. On October 25, 2004, Applicant received a Notice of Abandonment dated October 21, 2004. A copy of the Notice is attached as Exhibit C.

7. The undersigned hereby makes application as agent for and on behalf of Eaton Corporation who employed Xunchang Chen at the time of filing of the application.

37 CFR 1.47(a) notes that if a joint inventor refuses to join in an application for patent or cannot be found or reached after diligent effort, the application may be made by the other inventor on behalf of himself or herself and the non-signing inventor. It is respectfully submitted that with the submission of Combined Declaration and Power of Attorney documents from Michael Farmer, the application for patent has been appropriately made by one of the other inventors. Further, in view of the facts noted above, it is respectfully submitted that diligent effort has been made to provide the non-signing inventor with the necessary document.

Therefore, in view of the foregoing statements and accompanying exhibits, it is respectfully submitted that a proper showing has been made pursuant to 37 CFR 1.47 to address the Notice to File Missing Parts. Further, in view of the executed declaration received from Mr. Farmer a Supplemental Response to Notice to File Missing Parts of Application is included with this filing.

8. As acknowledged by the Office, a petition fee has already been submitted. It is respectfully submitted that a further fee is not required. Nevertheless, if any additional fees are required they may be charged to our Deposit Account No. 18-0013, under Order No. 65858-0021 from which the undersigned is authorized to draw.

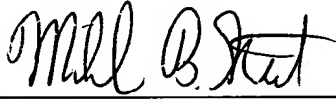

Respectfully submitted,

Date: April 22, 2005

CLASSIFYING IMAGES

Inventor: Michael E. Farmer, et al.
Eaton No. 02-rASD-161; Our File No.: 65858-0021

Dear Mr. Chen:

As you know, we prepared and filed the above-identified patent application on which you are named as an inventor (a copy of the application is enclosed for your records).

Since you are a named inventor on this application, the U.S. Patent and Trademark Office requires that you sign a combined declaration and power of attorney regarding this application. As part of your previous employment with Eaton Corporation, and the fact that the invention was developed while you were with Eaton Corporation, we also need you to sign an assignment, formally transferring rights to the invention. We enclose copies of these papers for your signature. Your signature on the assignment must be witnessed by two people. Once the papers have been fully executed, please return them to our office. We have enclosed a self-addressed, stamped Federal Express envelope for the return of the papers. We kindly ask that you send the executed papers back to our office by **December 13, 2004**, for filing with the U.S. Patent and Trademark Office. We apologize for the short notice and believe you may have seen these papers before.

Of course, as an inventor, your name will appear on any issued patent. We would be happy to send you a copy of any such patent when it issues.

FISHMAN
